Waterways in Ascension to Reopen

Ascension Parish President Clint Cointment announced today all waterways in Ascension Parish will re-open fully to boat traffic at 6:00am, Friday, May 28.

Until then "slow – no wake" remains in effect. Boaters are encouraged to be mindful of areas where high water remains, passing structures at idle-only speed, and to also be alert for floating debris and submerged objects.

Data from area river gauges can be accessed on-line from the United States Geological Survey (USGS) website www.waterdata.usgs.gov
