GONZALES – The Ascension Parish Office of Homeland Security and Emergency Preparedness has established a Special Medical Needs Registry.

The registry is designed to create a data bank of those parish residents who have medical conditions which will require assistance during an emergency or natural disaster. Such medical conditions include oxygen dependence, mobility and transportation issues, hearing or visual impairment, mental illness and issues which require electricity to run medical equipment.

To sign up, residents may either fill out the form located on the Parish Web site (www.ascensionparish.net) or call the Office of Homeland Security and Emergency Preparedness at (225) 621-8360.
