Ascension to Finish Collecting Storm Debris

Ascension Parish is finalizing the removal of Hurricane Ida storm debris. Less than one week after the storm hit, debris removal crews started working 7 days a week, and they are just about finished the task.

If you or someone you know still has storm debris that you want picked up, you **MUST** register at www.AscensionParish.net. Those without internet access can call 225-450-1200. The final day to register is Monday, October 25 at 5:00 pm.

Trash Rangers will accept storm debris **ONLY** at the Ashland Road entrance to Lamar-Dixon Expo Center until 5:00 pm on Sunday, October 24. The dumpsters will be removed early Monday morning, October 25.

Residents still have through the weekend to move their debris to the right-of-way. Please separate debris into piles of vegetative and demolition/construction debris.
