Parish Buildings to close on 11/8/22

As several parish buildings will be used as voting locations, President Cointment has approved closing all parish buildings on November 8, 2022.

“We have decided it is best to close the facilities to make the spaces available for residents to vote, as well as give our parish employees the time to cast their own ballots. The exercise of Democracy is one of the finest and most important acts we engage in as Americans. Ascension Parish Government is happy to support this.”, said President Cointment.
