## **ADDENDUM #1 TO ASPHALT CONCRETE ROAD RECONSTRUCTION AND OVERLAY IMPROVEMENTS PROJECT - 2023**

CONTRACT NUMBER: ROAD23003

Date: March 1, 2023

PURPOSE: Addendum #1 – Addressing concerns from the February 28, 2023 Mandatory Pre-Bid meeting.

The following changes are to be made to the contract:

- Ref. No. 22 – “Pulverizing, Reshaping and Recompact Existing Asphalt and Base”. This item is to be eliminated from the contract.
- Ref. No. 59A – “Full Depth Patching of Jointed Concrete Paving (8” thick). Note that a thickness of 8” is given. Also, the quantity is to be reduced from 800 to 50 s.y.
- Ref. No. 61 – “Mailbox”. The unit of measure is to be changed from s.y. to Each.
- Ref. No. 61 – “Mailbox Support (Single)”. The unit of Measure is to be changed from c.y. to Each. Also, the Ref. No. is to be 61A.
- Ref. No. 62 “Cold Planning Asphalt Pavement (2” Average Thickness)”. The quantity is to be change from 2,250 s.y. to 110,000 s.y.
- Add the following to page 19, “PROJECT NOTES”, of the contract. - #9. The Contractor will be allowed to keep 20% of the Recycled Asphalt Concrete (RAP) generated from the cold planing item. The area where RAP can be retained by the Contractor will be determined by the Parish Engineer.
