Corrections of Dibrom ounces per acre listed in Scope of Services:

November 10, 2021

RFP – Aerial Spraying

1.2 Scope of Services

Ascension Parish Mosquito Control will need to put in place a contract for aerial spraying for Ascension Parish. The vendor must provide all labor, equipment, supplies, insurance and any other requirements to complete the terms, conditions, and specification herein. They must furnish aircraft equipped for ultra-low volume (ULV) dispersal of insecticides (Dibrom), used for the control adult mosquitoes.

The vendor must also furnish one (1) multi engine fixed wing aircraft to be used for ULV application of insecticides to control adult mosquitoes within the geographical confines to be determined by Ascension Parish Mosquito Control. They must provide all aircraft, personnel (including pilots), equipment, fuel, oil, maintenance, landing and tie down fees and all other items required to successfully complete the application(s).

All aircraft used in spraying must be equipped with rotary atomizers. Apply Dibrom (Naled) at ~~1.75~~ **0.75** ounces per acre. Contractors must provide Dibrom. Aircraft must be in place and ready to begin spraying within 48 hrs. notice.
