

ADDENDUM NO. 2

December 12, 2019

**LA 73 Turn Lanes @ Brown Road
Project No. MA-18-03-A**

**Ascension Parish Government
615 E. Worthey St.
Gonzales, LA 70737**

**P.O. Box 2392
Gonzales, LA 70707**

TO: All holders of record of contract documents

GENERAL: The following items shall be considered part of the contract documents and shall be included in the same when the construction contract is executed. Changes made by addenda shall take precedence over original documents. Any changes which may affect construction or proper installation of materials or equipment not specifically mentioned in this addendum should be brought to the attention of the Engineer before submitting bid. Otherwise, such conditions, if found later to exist, must be worked out in an acceptable manner without additional cost to the Owner. General contractors are hereby advised to call attention of all subcontractors and/or suppliers to changes which may affect their work and/or product.

Acknowledge receipt of this addendum by inserting its number, date of receipt, and signing or initialing in the proper blanks appearing on the Bid Form. Failure to comply with the above may subject Bidder to disqualification and may be sufficient cause not to read or accept the bid.

Section 1. Questions from Pre-Bid Meeting:

- 1. Will there be any lane closure restrictions?** Yes, DOTD allows one-lane closure on Monday to Friday from 8:30 am – 3:00 pm. Weekend closures will require 5-7 days written notice in advance for press release. This takes precedence over the plan set.
- 2. What is the cost estimate for this project?** The cost estimate range for this project is \$700,000.00 - \$800,000.00
- 3. Have the property owners been informed about tree removal?** The trees are within DOTD right-of-way and DOTD confirmed trees are not classified as significant.

Section 2. Clarification from pre-bid meeting:

1. Invitation to Bidders was read.
2. The Parish right-of-way marker quantity is included in the project cost. The details are in the plan set.

Section 3. Questions submitted in writing for Clarification:

- 1. There is no pay item for new headwalls so we are assuming you are not calling for a headwall to be built on the end of the new extensions.** Headwalls are included in box culvert extension pay item. For headwall dimensions and extending methods, see Standard Plans CC.SM.6-8.R.90°.1 and RCB Extension.

Attachments:

All attachments are hereby made part of the contract documents via inclusion in this Addendum.

1. Sign-In Sheet from the Mandatory Pre-Bid Meeting
2. Plan Holders List – as of 12/10/19

End of Addendum No. 2
