Ascension Parish Residents Encouraged to Report Storm Damage

Gonzales, LA - The Ascension Parish Office of Homeland Security is encouraging Ascension Parish residents to report storm damage of their homes. Damage caused by recent severe weather impacts can be reported to damage.la.gov.

Parish officials say they are looking for residential structures only; no vehicles should be reported.

This information will help Ascension Parish, the state of Louisiana, and our federal partners better understand the severity of storm impacts in Ascension Parish. Residents are encouraged to take pictures to help evaluate the extent of any damages.

Please visit ascensionparish.net and follow us on social media channels for further information and updates.

Quick Start for IA PDA Survey123 Field Workers

Step 1. Download and install Survey123 from Google Play or the Apple Store

Step 2. Start the Survey123 app. Select “Continue without signing in” if you do not have an ArcGIS Online account.

Step 3. Load the Survey123 forms into your Survey123 app by clicking the links or scanning one of the QR codes below.

** If you have used these surveys on your device before, please update the surveys to the current version in your Survey123 app. For additional assistance, contact: Virtual.LA@LA.GOV

** Please refer to [Damage.LA.Gov](https://www.damage.la.gov) for guidance and best practices on reporting damage and collecting photos.
